

# THANK YOU

*To all the frontline workers  
who are risking their lives  
everyday to stop the spread of  
the COVID-19 pandemic.*

Right now, the  
world is silent; but,  
not you.

It's hard, sometimes, to  
realize the blessings that  
a person has. But, we  
know - it is you. You are  
the foundation of our  
community; words  
cannot express our  
appreciation for your  
courage and dedication.  
Thank you.
