

FROM THE MEMBERS OF YOUR COMMUNITY

# THANK YOU

To all the frontline workers who are risking their lives everyday to stop the spread of the COVID-19 pandemic.

Right now, the world is silent; **but, not you.**

It's hard, sometimes, to realize the blessings that a person has. But, we know - **it is you.** You are the foundation of our community; words cannot express our appreciation for your courage and dedication.  
**Thank you.**
